

New York Tribune Coverage: 1841-1922

To experience the struggles of an emerging nation, start here.

Horace Greeley, founder of the *New York Tribune*, was arguably one of the most colorful and powerful publishers of his time. His editorials influenced the abolishment of slavery, plagued presidents and politicians, and encouraged the settlement of the West. His newspaper featured revolutionary thinkers such as Margaret Fuller, Karl Marx, and Friedrich Engels. Reform-minded Greeley, whose newspaper had a circulation of more than a quarter of a million by the 1860s, helped form the Republican Party and ran for president in 1872.

Today's knowledge seekers will find ProQuest's coverage of the *New York Tribune* ideal for researching key events of the 19th and 20th centuries, from pre-Civil War tensions and U.S. internationalism, to the fight for women's rights and the completion of the Panama Canal. ProQuest®
Start here.

Focus on research instead of the mechanics of finding data.

ProQuest makes it easy for both novice researchers and information professionals to find relevant information quickly, with basic and advanced search options. Searches can be confined to 20 specific article types and dates to focus on the most relevant information. Each newspaper page is zoned into article images, and each newspaper image is supported with searchable ASCII text. Combined, these features mean faster, more effective searches for users. ProQuest digitizes documents at a high resolution to deliver clean, readable images, and highlighted search terms focus readers on the most relevant content.

Researchers can sort their results by oldest, most recent, or most relevant. In addition, articles that originally spanned multiple pages of a newspaper are “threaded” together, appearing as one continuous image and improving readability. Users can view and easily download articles, front pages, photos, display ads, and more in PDF format. The “My Research” summary feature can be used to track recent searches, save articles, email documents, create a bibliography, export citations, and create Web pages.

Your single source for centuries of continuous historical news coverage.
